Ashton Little

Jr. Web Developer

Dynamic and highly motivated individual with skills in **HTML**, **CSS**, **JavaScript**, and **React**, seeking a Web Developer role. Currently continuing to study React and deepen knowledge through an online course and personal projects. Adaptable and detail-oriented, I bring a proactive approach to problem-solving and a passion for creating visually appealing and user-friendly web experiences.

🎓 EDUCATION

Online Computer Science Course
Harvard CS50x

01/2023 - 05/2023   *Online Computer Science Course*

Courses

- As an online course offered by Harvard University , CS50x aims to teach computer science. Throughout the program, I gained in-depth knowledge of key topics such as computer science fundamentals, programming languages, web development, and software engineering. The course provided, challenging problem sets, and engaging lectures.

The Frontend Career Path
Scrimba

05/2022 - 10/2022   *Online Bootcamp*

Courses

- Scrimba Frontend Career Path provided hands-on learning in HTML, CSS (including Flexbox & Grid), responsive design, JavaScript (ES6), UI design, and React. Developed practical skills through solo projects and activities. Proficient in web development, React, UI design, HTML5, CSS, and JavaScript.

### Bachelor Degree in Communication
Capital University

01/2008 - 01/2011   *Bexley, OH*

Courses

- **Magna Cum Laude** graduate from Capital University with a degree in Communication. Dedicated and hardworking, I achieved excellence, earning a spot on the Dean's List. Inducted into the prestigious honor society.

🧠 SKILLS

Web Development   React

Bootstrap   JavaScript

CSS   GitHub   HTML

📐 CODING PROJECTS

WebMarks ⬀

- WebMarks: a user-friendly web app with a customizable dashboard for quick access to favorite websites and setting goals for the day. Used CSS, Bootstrap, and JavaScript create an intuitive, visually appealing, and dynamic interface.

It's-a me, Mario! ⬀

- I created a captivating website with the theme of Mario. With responsive design, it adapts seamlessly to any device. Using HTML, CSS, JavaScript, and love, I aimed for an optimal browsing experience on any screen.

Visit Hyrule ⬀

- I built a responsive and accessible website showcasing the hometown of Link from The Legend of Zelda. Using CSS, HTML, and JavaScript and outside libraries, I learned valuable skills in web development, including semantic HTML structure, CSS styling, responsive design, accessibility, and JavaScript interactivity

Rusch Guitar Website ⬀

- This project is a demonstration of how CSS, Bootstrap, HTML, Design, and JavaScript can be utilized to improve the visual appeal and functionality of a website. The objective was to redesign http://ruschguitars.com/ and to create a cohesive and engaging website.

💼 WORK EXPERIENCE

Network Territory Manager
State Auto Insurance

06/2019 - 01/2022   *Columbus, OH*

Achievements/Tasks

- Managed 9 Networks and ensured assigned agencies achieved production, quote, and profit objectives within the territory.
- Developed and implemented strategies to increase sales and profitability, collaborating with Agency owners and participating in industry events to create new business opportunities.
- Provided training, mentoring, and automation support to agencies, fostering agency retention, identifying upselling opportunities, and staying ahead of competitors through monitoring activities.

Agent/Owner
Ashton Little State Farm Agency

01/2017 - 06/2020   *Wooster, OH*

Achievements/Tasks

- As the Agent/Owner I oversaw end-to-end operations of agency, including production and day-to-day activities, ensuring efficient workflows and high-quality service delivery.
- Recruited, trained, and managed a competent sales and service team, fostering a motivated work environment and achieving exceptional customer satisfaction.
- Developed and implemented a strategic business plan, setting measurable goals and executing targeted strategies that resulted in significant growth, expanding the Book of Business to a 2 Million Dollar Agency.
